Carbon Footprint Report

Energy Usage: 27.91 kgCO2e
Waste: 6.72 kgCO2e
Business Travel: 231.00 kgCO2e

The report includes two graphs to help you understand your carbon footprint breakdown:
- Pie Chart: This chart divides your footprint into each sections, reflects the relative impact of each aspect on your overall footprint.
- Bar Graph: It compares actual values to your set limits, allowing you to see if your footprint exceeds them in any category.
Suggestions for reducing carbon footprints:

- Reduce energy consumption by using energy-efficient appliances and turning off unused devices.
- Increase recycling efforts and reduce waste generation by using reusable items.
- Encourage telecommuting, carpooling, or using public transportation for business travel.
